Note from the Principal

Welcome to the 2023-24 school year! I am very excited to be your new principal here at Lincoln! As we begin the new year, one of our priorities will be to ensure our students feel safe, happy, and cared for in school. Our main focus is on growing our students academically. We believe that communication and working together with parents is the best way to support student growth and academic achievement. Please look for our newsletter every month to meet our students and staff, find out about events we have planned, and what we are learning as the year continues.
